

VISITING ISRAEL : TOURISM AND WORSHIP

Visiting Israel isn't simply about the churches, monuments, and landmarks. It's all about the Bible's magnificence and bringing the written word to life.

Here are some amazing Holy Land landmarks to visit to feel closer to Jesus and worship him as he deserves.

Imagine How He Lived

Imagine Jesus living with his family, meeting with his disciples, fulfilling God's will, performing miracles, and working his way to save us from sin. Consider reliving and experiencing the same things as Jesus lived.

It Takes More Than Just Being There

You are at the centre of the Holy City, where Jesus spent a lot of time with his disciples. Even though you are surrounded by breathtaking natural beauty, it is not enough to make you completely immerse yourself with your surroundings.

Turn Tourism into Worship

Israel is an amazing destination. Standing where events in the Bible took place is an unforgettable experience. Visitors to Israel can turn their tourism into worship by reading the Bible, praying individually and collectively for God to reveal himself throughout the journey, and by singing songs of praise.
